

## A New Perspective on Scanning

### Digitise anything with ease

The ScanSnap SV600 allows you to scan newspapers, bound documents, magazines or books without the need for cutting or causing damage.

Scan anything from business cards to A3 size landscape documents. Any documents larger than A4 such as maps, historical documents and blueprints can be simply positioned on the black pad and scanned directly without any extra effort. The user interaction retouch tool allows the possibility to hold the document in position without worrying about fingers showing on the scanned image.

No problem scanning bound documents. The SV600 can scan books and magazines as well as documents with sticky notes on them with ease.

No need to worry about your delicate documents or books. Scanning can be performed without touching the document. You do not need to worry that documents such as photos or oil paintings or in pencil or crayon will be damaged by being touched.

### New VI technology

Equipped with VI technology which combines a large depth of field lens, a CCD linear image sensor and a highly directional LED lamp the SV600 is able to minimise any unevenness in image quality and generate a clear image.

#### Overhead structure

**Large depth of field lens**  
 Maximized auto focus area even when the focus distance is variable

**CCD linear image sensor**  
 Helps produce clear images

The SV600 scans documents with a movable head and incorporates a highly directional LED lamp. Helps maintain the same brightness level without any interference from surroundings

### Smooth operation with the assistance of various functions

The SV600 is enhanced with a host of customised features which help continue ScanSnap's concept of being simple, speedy and compact.

#### Quick Menu facilitates operability

ScanSnap's Quick Menu will automatically pop up after scanning enabling you to link your scanned data to an application both quickly and easily, scan directly to the cloud, for example, to easily share your documents.

Automatically crop several documents with "Multiple Document Detection". In just one touch you can capture multiple documents of differing sizes in just one scan. Place several business cards, receipts and photos within the scanning area and the SV600 will capture all the documents and will intelligently crop to the exact size.

Up to 10 documents can be cropped automatically.

Fast start up time and scanning speed lead to time savings and increased efficiency. The SV600 is ready to scan from power up and just 3 seconds is then required to scan an A3 landscape sized document.

Compact design with a small footprint. The SV600 is incredibly robust with a firm footing and is compact enough to enable efficient usage of your workspace without imposing on your daily routines when not in use.

### New ScanSnap Receipt

- Organise receipts: Manage all of your receipts in one place
- Extract information: Easily extract data from receipts
- Efficient tax and expense filing: Export in CSV format

### ScanSnap SV600 includes file management software ScanSnap Organizer

ScanSnap SV600 offers a unique and intuitive way to scan your books, magazines and newspapers to your e-reading devices. It comes bundled with file management software ScanSnap Organizer with which you can easily generate, virtually organise and read your own scanned material.

#### Step 1 Scan with one touch!

With a host of impressive features, you can continuously scan multiple pages smoothly.

##### Page Turning Detection

Automatically detect when the page is turned.

##### Timed Mode

- You can set the time to start scanning after the "Scan" button is pressed.
- For continuous scanning you can set the time interval before the next scan begins.

#### Step 2 Auto image correction: enhances the reading experience

Book Image Correction - automatically corrects distortion caused by the curve of an opened book or magazine. You can confirm and fine tune the scanned images on the preview dialogue after scanning or have this be performed automatically.

**Book Image Correction**  
 Can easily correct distortion of the document.

**User interaction retouch**  
 Finger images scanned while suppressing the document can be deleted with ease.

#### Step 3 Go paperless with digital filing

Collect your documents into digital files, insert additional pages at a later point in time and organise them in a structured way.

#### Step 4 Organising and viewing on the go

Carry your scanned documents with you anywhere and anytime; you can conveniently browse your scanned digitised material from your tablet or smartphone. ScanSnap Organizer allows you to synchronize documents across personal devices like Windows and Mac, and iOS and Android tablets using cloud spaces like Dropbox.

# ScanSnap SV600 Specifications

Model		ScanSnap SV600
Supported operating systems		Supports Windows and Mac OS, see <a href="http://scan.snap.alpha.com">http://scan.snap.alpha.com</a> for further information
Scanner type		Overhead system
Scanning modes		Simplex scanning / Colour / Greyscale / Mono / Automatic / Colour / greyscale / mono detection
Image sensor		Lens Reduction System / Colour CCD (charge coupled device) x 1
Light source		(White LED + lens illumination) x 2
Optical resolution		Horizontal scanning: 385 to 210 dpi / vertical scanning: 383 to 152 dpi*
Scanning speed* (A4 Landscape)	Auto mode†	Simplex "letter mode" or "legal mode": 3 seconds per page
	Normal mode	Simplex / colour / greyscale 150 dpi (mono 300 dpi): 3 seconds per page**
	Better mode	Simplex / colour / greyscale 200 dpi (mono 400 dpi): 3 seconds per page**
	Best mode	Simplex / colour / greyscale 300 dpi (mono 600 dpi): 3 seconds per page**
	Excellent mode	Simplex / colour / greyscale 600 dpi (mono 1,200 dpi): 3 seconds per page**
Document size		A1 (landscape), A4, A5, A6, 3R, B6, business card, postcard, double letter (landscape), letter, legal (landscape) and custom sizes Minimum: 25.4 x 25.4 mm / Maximum: 432 x 300 mm† / Automatically recognizes document size
Document thickness		10 mm or less
How to start scanning†		Select one of the following: 1. Manual scan: press "Scan" button for every page / 2. Timed interval scanning (timed mode) / 3. Page turning detection
Interface‡		USB 2.0 (USB 1.1 Support too)
Image processing functions		Select by text on document / Automatic page size detection / Automatic image rotation / Automatic colour detection / Book image correction§ / Multiple document detection**
Magnification in vertical scanning (length)		±1.5%
Power requirements		AC 100 to 240V 50 / 60Hz
Power consumption		Operating: 20W or less / Sleep mode: 2.0W or less / Auto Standby (EFF) mode: 0.4W or less
Operating environment		Temperature: 5 to 35 °C / Relative humidity: 20 to 80% (dew-condensing)
Dimensions (W x D x H) / Weight		210 x 156 x 101 mm / 3kg
Environmental compliance		ENERGY STAR® / RoHS** / Ecodesign**
Driver		Specific driver (Does not support TWAIN / ISO*)

Handled software	Purpose	Software	PC Compatible	MAC Compatible

Consumables and options	Part number	Remarks
Cleaning kit	SC-111-05	24 cleaning fluid impregnated wipes
Black background pad	FR03041-0002	Replacement background pad

\* Optical resolution differs due to variable scanning angle on the same document

\*\* Scanning speed may vary due to the paper environment used

† Each document "letter mode" and "legal mode" depends on the length of the document. Single sheet: 200pp, 60 pages or below: 300 dpi

‡ See before actual start of scanning and finish of scanning

§ When performing continuous scanning, time is needed for the scanning head to move into original position

\*\* Compatible with USB 2.0 port but connector will not fit USB 3.0 port

\*\* Automatically corrects distortion caused by the curve that opened book or magazine

† Applies multiple documents by automatically opening and closing the scanner lid (There is a model between documents.)

\*\* FUJITSU is a Fujitsu company, headquartered in Japan. This product meets RoHS requirements (2002/95/EC)

\*\* FUJITSU is a Fujitsu company, headquartered in Japan. This product meets RoHS requirements (2002/95/EC)

\*\* The software is available to be downloaded from the ScanSnap website: <http://scan.snap.alpha.com> or support site: <http://support.alpha.com>

\*\* Available in some other regions

## ScanSnap SV600

- One touch operation for PC and Mac
- Versatile scanning of everyday documents including loose paper, bound material and delicate items
- Instantly scan and crop multiple documents
- Continuous scanning with page turning detection and timed scanning
- VI technology minimises any unevenness in image quality
- Book Image Correction; automatically corrects curvature and distortion of bound material
- Small footprint, robust design; easy to place in any environment
